It's an emergency!

We need
to request for
backups...

BANG!

Mayor, what the
hell are you doing?!

It's the first
time this has ever
happened...

Someone needs
to take responsibility
for this!

*Who... Who
can solve this
right now?!*

Abide in the Wind

Episode 4 • Tatarang

Story • Ari

Shan Wool

Mayor, what proportion of Viscount do you think has been destroyed right now?

What? ...

Do you have a reserve army you can call?

Mayor...
That is...

Tatarong Mayor
Lennor Tatarong

Shit!

LOVE MANGA!

I know this Mayor is incompetent...

...Is he going to hit him...?

Shit!

I want to have a go at him as well...

SNAP

The citizens are
in danger. Are you
in any position to
be freaking out?

Yes... The citizens are our first priority.

Mayon, what are you doing?

Do something!

May, you! The guard over them. How many of you are there? And how many people are in Vincent Hall right now?

Yes? Ah, right. We have about 64 people we can call in the case of an emergency. Seven people want to Vincent to help the citizens, so we've no reports at the moment.

Other than that, we have about thirty firemen...

...Truthfully, we don't have enough manpower for the work we have to do. We've requested for assistance, but have only been rejected.

We're having a hard time dealing with the requests of the citizens at the moment.

For a disaster of
this scale, the number
of guards is hardly
sufficient.

The guards
inside will ensure
the safety of the
citizens.

Lupenin Laident!

Yes, sir!

SHING MANGA!

MUR
MUR
MUR

Looking? We must
be on our way to
General Laident...

Where's
the nearest post
from here?

There's the royal
post, approximately
about thirty
from the city.

A three-day
journey, roughly.

Please take
care of the situation
there I thought...

I've always
looked
up to you in
difficult situations like this.

I'll leave it
to you to take care
of this mess...

Yes, sir!

Please go
there personally
and take care of
my daughter...

LONE MANGA!

The kingdom
is obliged to protect
its citizens.

LONE MANGA!

UWAA! PLEASE
FORGIVE ME! DON'T
KILL ME...!!

Ms. Penny,
calm down.

It's me.

OWA!

There are
three parties that
could lead us out
of Viceport.

There's a
bridge that connects
to the city outside.

Destroyed.

a river that
connects the two

Set ablaze.

and lastly,
an ancient clock
towers

BOOM!
BOOM!

Is there a cannon here, by any chance?

What? Yes. This was used as a fortress a long time ago...

It should just be for decoration!

It's being used to destroy airships that cover close.

WHAT?!

Not only the security...
These people have been well-trained.

Do you happen to know of any emergency exits?

For instance,
a passage that only
staff know about.

If this building is
old, then there should
be at least one passage
somewhere.

Come to think
of it, there is a dragon
artifact that creates
portals downstairs.

The contract
requirements are
so ridiculous that no
one uses it though...

LONE MANGA!

Dragon artifact:
Door of Dimensions
Once activated, it leads you
to the other dragon artifact
that it's connected to.

WON'T HARM!

Contract Requirement
A new contractor must
hold out for one hour
without assistance of
any form from anyone.

I told you,
it's impossible
for humans.

There were
Allocom that could do it
a long time ago.

but ever since the
Slavery Law got established
there hasn't been a single one
toughly enough to say this, so
it's just an ancient story.

It's a miracle
that we managed
to get here without
getting caught.

We should just hide
around here and wait
until someone solves
this thing.

Activate

LONE MANGA!

It's the abandoned
sanctuary

I can see the
city from up here...

No one is around,
and Kairoh
seems fine.

YET...PI?!

YOU'RE PERFECTLY FINE!! W-W-WHAT THE HELL IS THIS??!!

LONE

The dragon
artifact activated
because... Here...

How many people are down there?

Is that the

On top of that,
there's another 140

There's

I'll do something about it.

What's that? She's making
no sense at all... yet she
keeps talking on and on.

But for some reason,
I want to believe her.

Kairak, stay here until
everything calms down.
